

VAHAN SAHAKYAN

JavaScript Developer

vahan.sahakyan1996@gmail.com
+374 95 27 68 27

SKILLS

PROFESSIONAL

- MERN Stack
 - **MongoDB**
 - **Express**
 - **React JS**
 - **Node JS**
- Redux / Saga
- APIs / Postman
- Git - Version Control

EDUCATION

BOOTCAMP

BPC Armenia
C++, Python, Linux, Bash
2018-2019

COURSES

UDEMY: Jonas Schmedtmann
- "The Complete JS Course"
- "Node.js Bootcamp"
[MongoDB, Express]
2021-2022

ZTM: Andrei Neagoie
- REACT.js Course
2021-2022

PROJECTS

CRWN CLOTHING

REACT | REDUX | SAGA | STRIPE | FIREBASE

CRWN Clothing is an E-Commerce Web Application. It has navigation and routing to redirect between pages of categories of items. The items can be added to the Cart which reflects all the live updates, it has a CTA to the checkout page, where you can increment and decrement the added items, remove them, the changes are visible both on checkout page and cart dropdown. With Firebase we authorize our Users by using their Google Accounts. Besides "Sign-in", we also have features like "Sign-Up with Email and Password" and "Sign-Out".

- >> **Redux-Sagas** for efficient asynchronous requests
- >> **Styled-Components** for dynamic stylings
- >> **Stripe API** for handling payments [test version]
- >> **Firebase** for Authentication and Storage [Firestore]

E - PIANO

JavaScript | Audio API | OOP

E-Piano is an in-browser Music-KeyBoard Emulator.

- >> **JS Audio API** for manipulating sounds
- >> **OOP Paradigm** for future enhancements [other keyboard type instances]

EXPERIENCE

DATAFOUNDRY LABS

SOFTWARE ENGINEER | REACT

- >> **CRMS [SaaS]** complex project
